PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 1+ year of professional experience delivering production-ready web applications, eCommerce platforms, and business websites. Promoted from Intern to Full Stack Developer within 6 months through consistent client delivery and end-to-end project ownership. Proficient in React.js, Next.js, TypeScript, Node.js, Express.js, PostgreSQL, and Prisma ORM. Hands-on expertise in REST API development, Git/GitHub workflows, DNS management, SMTP configuration, deployment, hosting infrastructure, WordPress, and WooCommerce. Currently expanding expertise in Data Science, Machine Learning, and AI.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, NestJS, REST APIs

Database: PostgreSQL, MySQL, Prisma ORM

CMS / eCommerce: WordPress, WooCommerce, OpenCart, Odoo

Infrastructure: Deployment, DNS Management, SMTP, Hosting (cPanel, hPanel), Zoho Mail

Tools: Git, GitHub, Postman, Figma, Technical SEO, Web Performance Optimization

PROFESSIONAL EXPERIENCE

Full Developer | **Xplore Intellects Pvt Ltd** | *May 2025 – May 2026* | Coimbatore, India

- Independently delivered 6+ production WordPress and WooCommerce websites end-to-end, managing the full lifecycle from development and DNS configuration to deployment and post-launch support.
- Engineered custom PHP features including conditional form logic, passwordless login systems, and automated account-creation workflows, reducing manual onboarding effort for clients.
- Administered full hosting infrastructure stack — domain setup, DNS records, cPanel/hPanel configuration, SMTP integration, and Zoho Mail — ensuring 99%+ uptime across all client sites.
- Optimized Core Web Vitals and page load performance through technical SEO, asset compression, and caching strategies; collaborated cross-functionally with clients, designers, and SEO teams.
- Contributed to OpenCart feature development, Odoo website modules, and custom eCommerce integrations, expanding platform capabilities for multiple clients.

Delivered solutions for 10+ clients across healthcare, education, consulting, real estate, logistics, and eCommerce domains.

Web Developer Intern | **Xplore Intellects Pvt Ltd** | *Nov 2024 – May 2025* | Coimbatore, India

- Developed and maintained 4+ client websites, executing debugging sessions, feature enhancements, and controlled production deployments with zero critical incidents.
- Supported senior developers in configuring hosting environments, DNS records, and infrastructure setup, building a strong foundation in full-stack deployment workflows.
- Demonstrated consistent ownership and delivery quality, earning a promotion to Full Stack Developer within 6 months.

PROJECTS

Bharathi Portfolio · *Personal Full Stack Project* | *React.js · Express.js · PostgreSQL · Prisma ORM · REST APIs · Git*

- Architected and developed a full-stack portfolio platform featuring admin authentication, lead management, and contact form workflows.
- Built RESTful APIs using Express.js and integrated PostgreSQL with Prisma ORM for efficient data modeling and persistence..
- Deployed the application using Vercel (frontend), Render (backend), and Neon PostgreSQL (database), implementing environment-based configuration and production deployment workflows.

Xplore IT Corp CRM · *Professional Project* | *React.js · TypeScript · REST APIs*

- Built the frontend for ~10 CRM modules using React.js and TypeScript, implementing reusable UI components, REST API integrations, and complex business workflow logic.

- Collaborated with backend teams to streamline API contracts and accelerate feature delivery across the CRM product.

Unique Roof · Professional Project | Node.js · Express.js · Prisma ORM · PostgreSQL

- Developed CRUD REST APIs using Node.js and Express.js, designed PostgreSQL schema with Prisma ORM, and built admin dashboard features for a real estate platform.
- Contributed to backend architecture decisions and database integration strategy, improving data retrieval performance.

Vian Luxury · Professional Project | Next.js · NestJS · Prisma ORM · MySQL

- Implemented dynamic product pages and server-side rendering with Next.js, integrated NestJS backend APIs, and contributed to Prisma ORM-based MySQL database feature development.
- Enhanced product listing performance and SEO through Next.js SSR and optimized data-fetching strategies.

EDUCATION

B.Sc Chemistry | Govt. Arts & Science College, Avinashi | 2021 – 2024 | CGPA: 7.3

CERTIFICATIONS

- Python Full Stack Development — Certified
